## Tips for Parents

### **Alert us to allergies and health concerns.**

We want to protect all the children in our care during camp but we need you to share allergies and health issues as early as possible so that we can prepare.

### **Pack water and snacks for your camper.**

Please provide a refillable water bottle for your child so they can stay hydrated during the day.

### **Respect the pick-up process.**

Timely pick-up allows us to clean up, pack up, and prepare for the next day as easily as possible.

If you are unable to pick up your child as scheduled please contact us to inform us that someone else (from the designated pick-up list) will collect them.

### **Plan for field trips and outings.**

We need you to sign the field trip consent form to officially permit your child to join us on the trips. There may be additional costs for trips - these will be communicated as soon as possible. We ask that you pay these before the trip date to make the experience as smooth as possible.

### **Reach out with questions!**

You can always ask for clarification on our curriculum and schedule, or any other issues you may have. Your feedback is important to us as we aim to provide the best experience possible!
